Osseo Police Welcomes New Addition

Hello, I am Officer Adrienne Lamer, the newest officer for the Osseo Police Department. I am a second generation Police Officer in my family, following the footsteps of my father, having first experienced the world of law enforcement through my mother who is a 911 dispatcher.

I have an associate's degree in law enforcement from North Hennepin Community College and completed my policing prerequisite training at Hennepin Technical College.

I have been a Police Officer for several years now, starting out in the Lower Sioux Indian Community in South West Minnesota, leaving there for another department in the East Metro. I have ventured out to do as much community service policing as I can, initiating a car seat program for underprivileged families on the Indian Reservation, leading a health and wellness animal clinic which provided free/spay/neuter and vaccine services to members of the community, in addition to general community outreach by playing a game of "Football500" or basketball with neighborhood kids while on patrol. It is my strong belief that while a Police Officers major function is to protect their community from criminal and dangerous or reckless behavior, they also have a duty to immerse in the community by listening to the citizens, interacting in a positive way, and creating a strong police-community relationship.

I am honored to serve the Osseo Community and look forward to working and meeting members of the community. Thank you!

Respectfully,
Officer Adrienne Lamers

From your Chief

I wanted to take this time to remind everyone that driving in snowy weather. Please leave extra time to get where you are going when fresh snow is on the ground.

We have observed an increase in accidents in the past few weeks all related to snow/ice and people being in a hurry. Drive safe and slow down especially when Mother Nature pushes the limit.

Sincerely,
Chief Shane Mikkelson
